location descriptions

Biograd

Biograd the „white city“ or royal city is a modern city. For a long time, it has been the residence of medieval Croatian dynasties, whose splendor is still visible in the old town. During the day, life mainly takes place on the beaches and the harbor promenade, in the evening the bustle shifts to the promenade of the old town. Numerous shops, restaurants, cafes, bars and ice cream parlors await the tourists. Biograd is a popular port of departure in the heart of Dalmatia. The Pasman Canal and the islands of Pasman and Ugljan, as well as the beautiful world of the Kornati Islands are right on the doorstep.

Pirovac

The nice little town Pirovac is surrounded by picturesque beaches and offers a good infrastructure. In the village there are numerous attractions, such as the ruins of the old city walls, a former Franciscan monastery and various sacral buildings.

MURTER Jezera, Murter und die Buchten

Murter is also called the gateway to the Kornati, but the peninsula itself has also a lot to offer. The starting port Jezera is a lovely little place with a nice beach, shops, restaurants and bars. The main town of Murter, is a lot bigger and busier. Especially the nightlife of Murter has a lot to offer.

The bays Vucigrada and Kosirinia are located south and are ideal for bathing with their turquoise crystal clear water. In the beautiful, but also very busy bay Vucigrada, the popular restaurant Cigrada invites you to an excellent lunch or dinner.

Sibenik

Sibenik is one of the larger port towns of Croatia. A narrow channel, the mouth of the river Krka, which pulls up to Skradin and the famous waterfalls, separates Sibenik from the open sea. In the old town, numerous well-preserved stone works of art from the Middle Ages have been preserved. On the harbor promenade below the famous cathedral cafes, restaurants and bars line up.

Vodice

The historic center of Vodice is located on a small island connected with the mainland by a stone bridge. The former fishing village has retained its original beauty and its homely charm with its narrow streets and densely lined up stone houses. The modern marina is located east of the old town.

ZLARIN

Because of its scenic beauty Zlarin is also called „The Golden Island“. Zlarin is known for its coral and sponge divers. Zlarin is a subtropical paradise with palm trees and fig trees. Nature stone houses line the promenade from the only town of the island. Among them proud residences from the 17th and 18th century can be visited.

Skradin

The journey through the canal is beautiful. Skradin is a sleepy town, a picturesque place against the backdrop of white rocks and green shore. Skradin nestles on the reeds, has a small marina and numerous anchorages. Only a few kilometers inland there are the grandiose waterfalls of the Krka National Park.

KAPRIJE, KAKAN

The island of Kaprije, located in the middle of the archipelago in front of Sibenik, has a particularly rich coast, where several beaches invite you to swim. In the bay V Nozdra on the southeastern cape there is a good place to stay. From there it is only a 15-minute walk to the small port town of Kaprije. The neighboring island of Kakan is uninhabited and has many beautiful bays too.

KORNAT Vrulje, ACI marina Piscera, Lavsa SMOKVICA small island at the southern tip of Kornat

The long island of Kornat is the namesake of the entire Kornati National Park archipelago. Like a necklace of white pearls, the islands of the Kornati shine from the clear blue of the Adriatic. Hundreds of small islands and reefs, a largely uninhabited little gray and white hilly landscape with sparse greenery, covered with olive and fig trees or vineyards - the labyrinthine archipelago of Kornati National Park. For skippers, the archipelago is something very special. Due to its importance as an area of almost untouched nature with an almost intact ecosystem, The National Park is subject to strict conditions. This also applies to anchoring, which is only allowed in certain bays. The visit to the national park is not free, you pay per person per day admission to the National Park. The island Kornat is with a size of 32 km² the largest island of the Kornati archipelago. On there are also the places / coves Vrulje, Piscera and Lavsa. Insider tip: The Kornati Mountains are the most beautiful places to enjoy a beautiful sunset!

ZUT

Zut with its 12 km² is the second largest island of the Kornati National Park, consisting of bare kalkfels or bare herbaceous flora. Like the island of Kornat, Zut is inhabited only in summer, because there are no sources of water on the island, Zut is owned by the farmers of Murter who have their olive plantations and orchards there. The ACI Marina Zut is very popular with sailors because of its lovely surroundings.

VRGADA

Vrgada on the small island in front of Murter is a nice island town with the possibility of landing and some restaurants. In front of the red sandy beach there is a buoy field.
