Location descriptions

Veruda

Our base Veruda is located on the southern tip of Istria in one of the most sheltered bays of the Adriatic, right next to the historic town of Pula. The Marina has all the amenities and a large pool that shortens the time to check-in.

If you start your holiday from our base Veruda, you should definitely make a short detour to Pula at the beginning or end of your journey.

Medulin

At its southern end, the peninsula of Istria is cut by a seven-kilometer-long bay, in which are again small bays and peninsulas. And here lies Medulin, a lively resort whose mostly sandy seabed only drops off shallowly - ideal for families with children.

CRES

In any case you should include the idyllic island of Cres in your trip. A circumnavigation of the island of Cres is well feasible, including the islands of Rab in the east and Krk in the northeast. Driving on the west coast of Cres, the island of Lošinj with the neighboring islands Ilovik, Susak and Unije in the south to southwest and the coast of the Istrian peninsula in the northwest is a nice trip with lots of nature, towns and villages, history and clear water.

- **Cres:** The place Cres is already worth seeing. The town today is made up of the medieval harbor, many Gothic and Renaissance churches, monasteries, ruins of the city fortress and palaces of aristocratic families. The old town of Cres consists of a dense core of colorful houses, built together and interconnected. Numerous churches and monasteries await you in and around Cres. From an insider tip the small Lubenice, perched on a rock 378 m above the sea, developed to one of the most popular destinations in the area of Cres.
- **Osor:** The city of Osor is located on the island of Cres right on the narrow navigation channel Kavada, which separates the islands of Cres and Losinj with a swing bridge. From antiquity to the 15th century, Osor, due to its location, was the capital city of Cres and Losinj. For culturally interested people, Osor has a lot to offer in terms of historical sights and buildings.
- **Valun und Martinscica** are both very pretty fishing villages. The blue grotto (Plava Grotta) lies on the way between Valun and Martinscica on the bay Zanja
- **Bijar:** Bay Bijar is located just northeast of Osor and is suitable for overnight stays, for a short visit to Osor, or for bridging the waiting period until the Osor Canal is opened.

LOSINJ Mali Losinj, Veli Losinj

The island of Losinj is a natural paradise full of flowers and pine trees. The two port towns of Mali and Veli Losinj, which are extremely lively in summer, are characterized by the neoclassical style of the Austrians. Numerous villas testify to this period. The mild climate of Losinj attracts many bathers annually. As a result, the landscape is characterized by numerous hotels and guesthouses, parks with palm trees, agaves, huge oleanders and pines.

ILOVIK

Ilovik is a small, very quiet island south of Losinj, where the chirping of the cicadas and the seagulls make the music. The narrow channel between Ilovik and the cemetery island SV.PETAR is very popular with sailors. The small town around the harbor and the canal with its simple church is full of flowers all the year. Ilovik therefore also has the nickname Flower Island.

UNJE

The small island of Unje is strikingly green and wildly overgrown with sage, rockrose, laurel, lavender, rosemary and thyme. Especially in spring it smells wonderful. The few inhabitants live in the only town, their houses are aligned circularly towards the sea. Trails lead across the entire island and to the two lighthouses.
