TIPS

*for a safe
sailing holiday*

To avoid problems, please do the check-in precise and write down every deficiency at the check form.

1

The port manuals for the Mediterranean on board may be used for navigation only. Any use of other documents than those specified, results in the liability of the skipper in the case of damage.

2

The electronic map is a navigation AID and was developed to simplify the use of official maps. It is no replacement for official sea maps and only the official sea maps and messages contain the necessary information for safe navigation. The captain is responsible for correct use.

3

The passing between the island „Fenoliga“ and „Kamenjak“, the island „Frašker“ and „Camp Indije“, as well as between the island Veruda („Fratarski“) and „Camp Indije“ is not permitted as a rule.

4

We recommend refueling the yacht on the penultimate day at the latest 14:00 in the Marina Veruda. Enjoy the rest of the day in the nearby bays!

5

The the reserve can of the outboard eninge and for the warter are not filled.

6

Give stowaways (rats) no chance! Please put rests of meal and the gangway away.

7

Think of the next person! Regrettably it happens that yachts are left in very dirty and disorderly condition. This means that the final cleaning takes longer as it should. This delays the check-in of the next crew considerably. We therefore ask you kindly to ensure the boats are clean and tidy at hand over. Please dispose of your rubbish in the designated containers in the marina. These measures will facilitate a swift and punctual check in for the following crew. Thank you for your cooperation.
