TIPS

*for a safe
sailing holiday*

To avoid problems, please do the Check-in precisely and write down every deficiency at the check form.

1

Only the port manuals for the North Sea, nautical maps and Almanchs on board may be used for navigation. Any use of other documents than those specified, results in the liability of the skipper in the case of damage.

2

The electronic map is a navigation AID and was developed to simplify the use of official maps. It is no replacement for official sea maps and only the official sea maps and messages contain the necessary information for safe navigation. The captain is responsible for correct use.

3

The water tanks and the reserve can of the outboard motor are not filled.

4

Give stowaways (rats) no chance! Please put rests of meal and the gangway away.

5

Think of the next person! Regrettably it happens that yachts are left in very dirty and disorderly condition. This means that the final cleaning takes longer as it should. This delays the check in of the next crew considerably. We therefore ask you kindly to ensure the boats are clean and tidy at hand over. Please dispose of your rubbish in the designated containers in the marina. These measures will facilitate a swift and punctual check in for the following crew. Thank you for your cooperation.

6

Loss of personal items: We assume no liability for lost or forgotten personal items.
